Grand Chapter of Royal Arch Ma-

mined to discuss aid and dependencies, continued in its 49th annual convocation with Diamond Jewel Chapter, No. 42, at 7 1/2 City, at the Masonic Hall, West 10th Street, Monday morning at 9:30 o'clock. A. L. Thomas, grand high priest of Jefferson City, Mo., presided. Most of the morning session was devoted to the appointment of the various committees. One hundred and fifteen delegates were present representing subordinate chapters of

Several hours were spent by the multitemen who withdrew to prepare their reports. Brief talks were made by distinguished and pioneer Masons. Special Deputy George W. Tupoe, one of the interesting charlatans from Seattle Washington, gave a splendid review of Negro Free-masonry.

Jones, 83, years old, of St. Louis, Mo., the oldest living high priest in this state, administered the lodgemen to "become proficient in the work of Capitular Masonry."

A resolution to conduct memorial services on Wednesday afternoon at the grave of J. A. Koonce, who died in this city February 19, 1918, was adopted. ANOTHER WEEK OF GOOD  
YAUDEVILLE AT B. W. THEATRE

Clifford Ross, a loose comedian, is the curtain raiser at the Booker Washington Theatre. He has a humorous line of talk and sings three songs in unusually good voice for a comedian. His efforts win generous applause.

Seville May, who has taken the stage name of Mrs. Stephens, and Bonnie Drew, make a graceful team. Their singing is above the average. The numbers include, "I Never Knew," "My Man," "No Man's Fool," "No Wonder I'm Blue" and a harmony duet, "When the Moon Swings Low." The act has class.

Virginia Linton, featuring the blues, gets her share of applause with, "The Hooking Cow Blues," "Stagger Blues" and "Hop Scotch Blues."

Gray and Gray, a man and woman close the show with an act of belting and slack wire performing. The man chuckles at the wire, a hoop and in chip baskets, balances lamps on his head and performs with a drum major, stick and a stick, kneeling on a slack wire. The female member, featuring the strength of her teeth, balances four chairs in the air, also a heavy table, and lifts a large bucket of water with her teeth while balancing on the back of a chair. The set closes with her holding up a ladder with teeth while the man ascends and with his stick. The act is a good variety feature.

**Plan Contest**  
The Elimination Piano Contest to decide the Championship of Saint Louis, was added at the Booker Washington Theatre Thursday night. There were about 30 entrants who were assembled on the stage at the beginning of the contest.

The elimination plan will be worked out by having all contestants appear on the stage each Thursday night. Their names on cards are placed in a hat and three are drawn who will contest on that night. The trials will take place after each of the three shows.

The contest will be judged by a jury of the audience, which will be placed on the reserve list until a contest has been run, then they will be called upon to judge. The winners will again go through the elimination process until only three are left for the final contest. The final champion will be chosen by a special committee of judges.

**SLIM HENDERSON'S CREOLE JAZZ BABIES NEXT WEEK**  
Slim Henderson's Creole Jazz Babies, headed by Slim himself, will appear a week's engagement at the Booker Washington Theatre Monday night. This aggregation ranks with the best on the Yaudeville stage. The chorus is composed of pretty girls, their singing is popular and charmingly rendered, and there is plenty of clean, enjoyable comedy in the program. Headliners Mr. Henderson, Willie Hildridge, Rosa Henderson, John H. Brady, Miss De Pomer, Miss Joseph, and Lucille Johnson. The engagement promises to be very satisfactory to B. W. Patron.

## WILL THE ATTORNEY GENERAL ACT?

Attorney General J. W. Barrett says he is ready to act in the Bowling Green lynching if one witness can be produced. He says the difficulty that may be encountered in trying to get anyone to identify the person or persons who actually adjusted the rope about Roy Hammond's neck. But the duty that Mr. Barrett as Attorney General of the State, is called upon to perform in connection with the lynching of Roy Hammond does not require a witness, because Sheriff Moore readily admitted that he allowed a mob to take the prisoner and lynch him, without firing a shot or inflicting a physical scratch upon one member of the mob.

Now, the question is, does Mr. Barrett believe that Sheriff Moore did his duty in this case? If he believes that the sheriff did his duty, then we can understand why no proceedings were instituted against the sheriff by the Attorney General's office. But if on the other hand, Mr. Barrett does not believe that Sheriff Moore did his duty, then the Attorney General's office should accuse the sheriff of Pike County of neglect.

We admit that it is quite difficult to find the members of the mob, but Sheriff Moore can find them any day.

Our contentions are that if Attorney General Barrett has the power to remove the sheriff of St. Louis County on a charge of neglect of duty in regard to prohibition enforcement, he surely has the power to remove the Sheriff of Pike County for neglect of duty in that he allowed a prisoner to be taken from him and lynched by a mob.

It is the duty of the Attorney General to bring proceedings against Sheriff Moore, and let the sheriff prove to the satisfaction of the Governor, that he did his duty in protecting his prisoner, without he or his deputies firing a shot.

## WHERE WE ALL CAN JOIN IN.

Hon. L. C. Dyer of St. Louis has worked on his anti-lynching bill, and he believes that it is now in pretty fair shape and it looks as though it will pass if given the proper support. This support, does not necessarily mean those members of Congress, but it also means the support coming from the people who are at home.

Your Congressmen and your Senator are human and as a rule, clothed with the same human imperfections that we are. They like the approbation. "Well done thou good and faithful servant."

Therefore, when they do the thing that you approve, you should write them and encourage them. You should let them know you are pleased.

You should also suggest to them the things you want done. They, as a rule are always ready and willing to respond to your call.

The people in this country have undergone untold suffering on account of mob violence. In high time that the Congress of the United States should call a halt to this form of lawlessness. We all can contribute our share in bringing a change of this condition by writing a letter to the Congressman from your district and the Senator from your State and urge them to support House Bill Number 133. This bill is known as the "Dyer Bill" which has for its purposes, the making of lynching and mob violence, a Federal offense.

The colored people of America are surely interested in such a law, because we have been the principal victims of mob violence during the past thirty years. Therefore, we above all others should show our interest in this law. This law is not only a law, but it is a law that will be national in scope. It is the duty of citizens everywhere in America to join in the movement to call a halt to the barbaric practice which is undermining every principle of our government.

We can all do this by writing a letter using a few minutes time and a two-cent stamp. This is as little as we can assist. Will you do less for this great cause?

## NO STANDING IN COURT.

The Knights of the Ku Klux Klan corporation, has brought suit for libel against the Los Angeles Express Publishing Company, demanding a total of \$105,000.

No one will believe that the Klan was libeled by the paper in question, because the Ku Klux Klan has the reputation of being guilty of most every crime in the catalogue of crime. In fact, the record will show that it is an out-law organization and as such, has no standing in court.

Undoubtedly, the plaintiff in this case forgets that "he who comes into court, must come with clean hands" or at least that the presumption in law, but the Ku Klux Klan has a bloody record. It has made itself "famous" by acts of out-lawry and murder, following in its wake.

One of the absurd charges in the complaint against the Express is that, until the publication an article in that paper, there was no good reason why the Ku Klux Klan was a bloody record. It has made itself "famous" by acts of out-lawry and murder, following in its wake.

According to one of the latest reports from Arkansas, a threat is alleged to have been made by the Ku Klux Klan, warning the editor of papers of that State, to quit publishing news about the Klan out the penalty of death to the writer.

We think the newspapers have been quite lenient with the Klan. Most assuredly, they have failed to tell the public of the Klan, that have come to the aid of the Klan, has a good reputation, why want the newspapers to suppress it?

## THE RISE OF JAPAN AS A WORLD POWER

Only a few years ago, Japan was looked upon as a disquieting and the Japanese were called "yellow mongrels." The white men received one of his first and bitterest rebuffs at the hands of this wonderful nation. Since then, Japan has forged ahead, and today she is in the race for world dominion, with bright prospects of winning the first place to death knell to European domination. It is very doubtful if Germany can ever recover her commercial supremacy. France is likely to suffer for years to come, for want of money and man power. England has her hands full to stay the onward march of Germany. The financial center of the world has passed from the old world to new already. The contest for world supremacy is narrowed down to just two rivals—the United States and Japan. Unreasonable and unwarranted race prejudice on the part of the United States gives Japan a decided advantage. The United States has not only too many white men but among the yellow, brown, and black races of earth, they are feared and distrusted, and often hated.

If Europe has had her day, Asia is just beginning to show her resources of this great continent are not exhausted.

is the homeland of the most prolific and industrious people on earth. Japan believes that her strong arm will protect the fortune and guide the destiny of this mighty continent. Her army and navy are second to none; her sea power is being developed more and more; and best of all, she is aspersive to the growing sentiments of democracy. She stands ready to cultivate the friendship of Japan. Some of our bright and promising young men should be sent yearly to Japan to complete their education.

### The Creole System

By Van Buren Thorne, M.D.  
 In The New York Times

The annual prevalence of pellagra  
 in the Southern States compels the  
 Southern States to take action.

Official reports made to Surgeon Gen-  
 eral H. H. Henshaw, of the Public  
 Health Service by experts of the  
 department, reveal a serious inter-  
 est in the disease of which has  
 been the subject of controversy for at  
 least two hundred years.

There is a wide divergence of opin-  
 ion concerning the nature of the  
 disease, and it is likely to make  
 progress between residents of the  
 South and the Federal health author-  
 ities.

Since its appearance in this country  
 about fifteen years ago, it has afforded  
 a fascinating study to both laboratory  
 workers and clinicians, who have pur-  
 sued their researches in centers where  
 large percentages of the population  
 were afflicted with it.

The prevalence of the disease in the  
 South is estimated at 200,000. It  
 must be remembered that these fig-  
 ures are obtained by estimate only, for  
 the lack of the required facilities for  
 the registration of pellagra patients is  
 not demanded by the health author-  
 ities.

Just a decade ago 100,000 cases were  
 annually reported in Italy, where the  
 prevalence of the disease is high. Italy  
 was properly called the cradle  
 of pellagra, since it has been recog-  
 nized by the scientific community, and  
 has been a subject of study for many  
 years.

It has been found in forty-four  
 States in the United States and just ten years  
 ago Captain Joseph L. Miller, (now  
 Colonel Miller) of the United States  
 Army, one of the foremost investigators  
 of the disease, told the present  
 writer that in his opinion there  
 were at least 100,000 cases in the  
 South.

A year later Public Health Service  
 officials gave the number of cases  
 in the South at 200,000. The esti-  
 mate was 70,000 and in 1916 it  
 had risen to 200,000. The mortality  
 rate is about 10 percent of those who are afflicted.

One strange feature of the record-  
 keeping of the disease, and one which  
 tends to confirm the opinion now gen-  
 erally held by Public Health Service  
 officials as to its origin, is the fact  
 that there is a very marked in-  
 crease in the prevalence of the  
 disease in the years which occur  
 immediately after a severe winter  
 season, in which considerable  
 loss of life has occurred.

It is not known whether the  
 disease is a result of the loss of  
 the life of the parents, or whether  
 it is a result of the loss of the life  
 of the parents, or whether it is a  
 result of the loss of the life of the  
 parents, or whether it is a result of  
 the loss of the life of the parents.
